F COMPRESSION PLUG TOOL SET

Article number: 106154

Tool set for F-type compression connectors, designed to create watertight and thus weatherproof coaxial connections, particularly for cable and satellite TV systems. For connections subjected to high mechanical stress and requiring excellent shielding. Set consisting of:- Professional crimping tool for compression connectors (item no. 10 6152) specifically for RG 59 and RG 6 coaxial cables. Thanks to an easily adjustable length stop, suitable for crimping compression connectors of various lengths and types (F-, BNC-, and RCA-connectors). Also suitable for angled connectors and keystones. Requires very little manual force during crimping. With ergonomic two-component handle sleeves, length 195 mm - Coaxial cable stripping tool (item no. 12 0098). For fast and precise stripping and insulation removal from coaxial cables (RG 58, RG 59, RG 62, RG 6, RG 9, etc.) in a single step. With three interchangeable blades; cutting depth and cutting distance adjustable. - 20 F-type compression connectors (Item No. 18 2980) Double protection against moisture ingress via an external sleeve and an internal O-ring, excellent shielding, and mechanical strength of the cable connection. Gold-plated, for RG 6 coaxial cable.

Length (mm)	300 mm
Width (mm)	235 mm
Height (mm)	70 mm
Weight (kg)	1,2 kg

Attribute	Value
Long	205 mm
Execution/actuation	mechanisch
Suitable for	verschiedene Anwendungen
Press mold	Rundpressung
With locking device (for mechanical tools)	Yes
Replaceable inserts	No
Number of inserts supplied	1
With automatic return	No

GTIN: 4021103061541
